

COOMBS AGAIN THE WINNER

Pitched Fine Game Against
Chicago Cubs

HE ALLOWED BUT SIX HITS

Athletics Batted Ruelbach, McIntyre and
Pfeister at Will and Won Third
Straight Game by the Score
of 12 to 5.

Chicago, Oct. 21.—With Coombs pitching winning ball and themselves hitting the Chicago pitchers at will, the Philadelphia Athletics captured the third straight game from the Chicago Cubs before 26,210 people yesterday afternoon, the score being 12 to 5. Coombs allowed but six hits, struck out seven men, passed four and himself hit for a double and a single. This was Coombs' second straight victory over the Cubs.

Ed Ruelbach, who started the game for the Cubs, was taken out after the second inning, when three runs had been scored on him. Two doubles, two singles and two bases on balls were the harvest of Ruelbach. McIntyre started the third inning. Two singles, a home run, a batsman hit in the back and an error by Schulte, gave the Athletics four runs in the first part of the inning, when Pfeister was called into the box. The visitors batted Pfeister hard, getting nine hits in the remainder of the game.

Capt. Chance of the Cubs was ordered out of the game in the second inning because he kicked on allowing Murphy's hit into the right field bleachers to go for a home run. The ball went over the heads of the crowd and sailed into the bleachers. Chance maintained that a hit into the crowd for any distance or direction should go for only a double; but umpire O'Day declared the hit a home run, and when Chance objected strenuously he was put out of the game, Archer taking the initial sack.

Murphy was the man who made the home run. It was Murphy also who made a circus catch in right field and started a double play on Sheekard. Zimmerman hit the ball hard into the right garden, and Murphy leaped the barrier, grasped the ball and then fell backward into the crowd, presently coming up with the ball. Sheekard, thinking it was a sure hit, had gone around to third, being easily doubled on Murphy's throw in. Outside of Zimmerman, Schulte and Tinker were the only Cubs to hit Coombs. Schulte getting two doubles and Tinker getting a double and two singles. Barry and Davis were the heavy hitters for the Athletics, each getting three hits.

The Cubs have now used up all their seasoned pitchers and have no one but "King" Cole, a young pitcher, and Foxen, an untired man, and Pfeiffer, who has been of little use. Cole may be given a chance this afternoon, while Connie Mack, who has used only two of his pitching staff thus far, has good material to draw from. Even at that, Bender may be given another try at the Cubs. The score yesterday was as follows:—

Let Us Make These Clothes Pictures Come True on You

You probably don't give much thought to the way your clothes are made; the kind of surroundings in which the work is done, the class of workers employed, the care taken in designing the garments, the quality of fabrics; the chances are you don't think much about these things.

That's one reason why so much cheap stuff gets on the market, and on the bodies of so many men who don't want it; makers count on your indifference.

Key West, Fla., by way of Havana, Oct. 21.—The French trans-Atlantic steamer Louisiane from Havre for Havana and New Orleans, is ashore off Sombro Reef, about fifty miles east of here.
About half of her 547 passengers have been brought here, and the others are thought to not be in danger.
News of the Louisiana's plight and the rescued passengers were brought here yesterday by the United States revenue cutter Forward. The cutter returned to take the remainder of the passengers from the wreck yesterday afternoon.
The steamer struck during the hurricane on Monday. She lies only eight feet out of water, and it will be impossible to float her until her cargo has been jettisoned. Her captain, refused assistance until he can communicate with the owners. The passengers remaining on board and the crew are well.

WOMEN WHO NEED STRENGTH

Will Be Interested in the Story of
This Kansas City Woman.

After Years of Terrible Suffering She
Tried Dr. Williams' Pink Pills and
Became Well and Strong Again.

Miss Florence Whitehouse, a music teacher, of No. 536 Oakley avenue, Kansas City, Mo., found Dr. Williams' Pink Pills exactly suited to her case and her cure should encourage other women to give these pills a trial. She says:
"A few years ago I was afflicted with weakness, which followed a severe attack of malaria. I had severe pains through the small of my back and could hardly move around. It seemed that every bone in my body was sore. I was chilled through all of the time. During the warmest days of summer I would have to dress with heavy clothing. I was just like a skeleton and kept losing flesh. I would have terrible headaches. My head felt as though it was whirling around. My people thought I was going into consumption and I did not care whether I lived or not. I was sick for nearly six years.

"I was under the care of a doctor for several months. He kept me alive and that was about all. I could see no improvement under his treatment and, as a last resort, my people sent me to Excelsior Springs, Mo., thinking that the water there might help me. I did not improve much but while there I heard of Dr. Williams' Pink Pills, and as soon as I arrived home I began to take them. I could see a quick change after a short trial. I told my doctor what I was taking and he advised me to continue with them. He said they just hit my case. I took the pills until I became well and strong again and I have since been in good health. I cheerfully recommend Dr. Williams' Pink Pills to weak women."

Two helpful booklets, "Diseases of the Blood" and "Plain Talks to Women," giving more information about the remedy will be sent free on a postal card request.
Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Scarborough, N. Y. The genuine are sold only in packages bearing the full trade-mark, "Dr. Williams' Pink Pills for Pale People."

SHAKE UP IN POLICE

Mayor Gaynor Makes Change
in Heads

OF NEW YORK DEPARTMENT

Baker and Bugher Are Out—James C. Cropsey and C. J. Driscoll Succeed
Them—Shake-up Comes Unexpectedly.

New York, Oct. 21.—The long-expected shake-up in the administration of the police department came late yesterday, when announcement was made from Mayor Gaynor's office that Police Commissioner W. E. Baker and his deputies, Frederick H. Baker and Charles W. Kirby, had resigned.

James C. Cropsey, a Brooklyn lawyer, was named to succeed Mr. Baker; Clement J. Driscoll, who has attracted public attention recently by his activity as commissioner of weights and measures, was appointed first deputy to succeed Mr. Bugher, and Captain William J. Flynn, chief operative of the United States secret service, was made head of the detective bureau with the title of second deputy.

Mr. Flynn's appointment is in line with the known intention of Mayor Gaynor to thoroughly reorganize the detective bureau.
The changes, while long expected, came late yesterday with an abruptness not unfamiliar since Mayor Gaynor took office. It had been expected that the mayor, following the disagreement between Commissioner Baker and acting Mayor Mitchell, while Mr. Gaynor was convalescing at St. James from his wound, would make changes in the department, and there was some surprise that he did not act earlier.

But the mayor was not ready then and smoothed the matter over until such time as he was ready to act.

PECK QUITS COLUMBIA.

Several Students, but No Professors, Greet Him As He Moves.

New York, Oct. 21.—It was learned yesterday that while Miss Esther Quinn was struggling in her lawyer's office over the question of her age, Prof. Harry Thurston Peck, formerly of Columbia university, whom she is suing for breach of promise to marry, was removing his belongings from his rooms at the university.
Prof. Peck held an informal reception to several students, but there were no professors on hand to greet the scholar who for 14 years occupied offices in the university.

CONSCIENCE TO SAVE MAILS.

Guilt-Stricken Contribution Goes to Decrease Postal Deficit.

Washington, Oct. 21.—The treasury came into more than its own Wednesday through the act of a conscience-stricken citizen of Muncy, Pa., who sent to the postmaster-general six cents in stamps in reparation of short postage on two documents transmitted through the mails.

The stamps, which were enclosed in a letter signed "Debtor," will be placed in the miscellaneous fund of the post office department, and in due course

turned into the treasury of the United States. It is presumed that the recipient of the documents long ago paid the shortage, but there is no way for the government to return the money.

With this evidence of scrupulous honesty on the part of the public, the department expects quickly to realize its ambition of placing the postal service on a paying basis.

The Cooks who have used the
Single Damper of the

Crawford Ranges

will never go back to the troublesome
two-damper range

The cost of the food spoiled by mistakes in regulating the ordinary two-damper ranges amounts to a large sum.

The Single Damper of the Crawford affords absolute fire and oven control by one motion—slide the knob to "kindle," "bake" or "check," the range does the rest.

The Oven of the Crawford has cup-joint heat flues which heat everywhere alike and make it the quickest and surest of bakers.

The Two Hods (patented) in the base—one for ashes instead of the old clumsy ash pan—one for coal, is a great trouble-saving feature.

Gas Ovens and Broilers above or at end of range, if desired.
